Mr. Savage,

Will I be receiving your disclosure for my five new charges today?

Also, Ms. McMahon mentioned yesterday that the reason you are so aggressively pursuing the new criminal harassment charges is because Kiska is so “fearful”. Really? Which part of Kiska, specifically, do you believe to be “fearful”?

a) The part that lied to the court during our 2018 Family court hearing so that I was only awarded a mere $1,230/month in spousal support?
b) The part that lied to the court during our 2019 CAS hearings so that a **twisted**, Final-but-not-Final, co-operation but restraining order be granted? (see attachment #1)
c) The part that lied to (yet another) psychiatrist about me so that an unfavourable report would be written? (see attachment #2)
d) The part that participated in the 2019 eviction scam and the theft of everything that I owned? (see attachment #3)
e) The part that refuses to pay to me directly the measly court-ordered support mentioned in statement a)? (see attachment #4)

The fact is, Mr. Kiska has stolen **everything** from me including my children, my dog and my cat. Plus, he has destroyed my reputation, my career and my social network by claiming that I am severely mentally ill and, now, dangerous. Clearly, as I endure his wrath in EIGHT branches of court, I do not suffer from any chronic mental illness. There is no way that anyone suffering from schizophrenia or bi-polar disorder could keep up with my workload. There is no way that anyone suffering from anxiety could manage the emotional torture that you have all been putting me through for over two years. The word being tossed around recently is “delusional”. Really? You actually believe that I have *imagined* Kiska’s wickedness? That he is actually some wonderful being who simply wants me to “get treatment” and “get better” so that I can see Sean and Cate again? If that were true, do you not think that he would have gotten them to send to me a

birthday card? a Mother's Day card? a Christmas card? a photograph? *Something* over the past two years that said, "Mum, we miss you … please get better soon so that we can see you again." If Kiska's version of events were remotely true (e.g. that I was his "best friend" until I became ill, that he wants me to have a relationship with Sean and Cate, that he is now fearful of me because of whatever), do you not think that his *behaviour* would reflect this? Kiska behaves like a malignant narcissist who wants to torture and provoke his wife for sport. He does not behave like a responsible adult who cares for anyone or is fearful of anyone. I already sent to you evidence of him gloating about owning all of my possessions (see attachment #6) . If he were truly fearful of me, then why does he gloat?

Another example? I already knew that I was going to being called on some breach (see attachment #5). The original comment has been edited: it originally said "Logan looks like a breach tho" and the photograph was posted soon after I starting trying to find pictures of Sean and Cate on their followers' Instagram accounts (as no one has sent to me any photo of them and they are literally growing up without me). Kiska is good pals with Eddy's dad, Owen Clarkin. Like Don Turner, I have some fairly strong opinions about Owen Clarkin.

Another example of Kiska dropping this kind of "hint"? See attachment #7. His E-transfer/cancellation of $300 was Kiska's way of threatening to have me charged with defamatory libel which is S. 300 of the *Criminal Code* of Canada. (I guess someone informed him that publishing information about someone is not defamation if it is all true.)

Yes, this is actually how these beasties communicate. Think of it as a modern-day version of CANT (see attachment #8) that has fully embraced technology and the internet, which is also now used for stalking and harassment purposes. From 2017-2019 when I was being criminally harassed by Kiska, I was terrified to the point of psychosis a couple of times. Now that there is literally nothing that I can do to protect my children from him, his harassment no longer frightens me. (Note: this paragraph was written for the legitimate law enforcement reading this and not for Malcolm Savage.)

Perhaps Kiska *is* fearful. Perhaps, in his sick twisted mind, he is thinking "I have provoked this woman so much, at some point she will snap. She has to … she loves Sean and Cate so much there is no way that she can possibly handle this torture much longer. I know, I will make her take down her website: that is sure to make her snap!"

However, I have not "snapped" and I will not "snap". I will outlast anything that you and Kiska can dish out. My resilience and mental fortitude is now far superior than I could have ever possibly imagined.

Again, I look forward to your disclosure on this new set of charges which will, once again, ignore that whole aspect of "without lawful excuse", criminal intent and other basic legal principles. That you people twist sections of the criminal code (or the *CYFSA*) so that you can torture women and children while protecting the abusive fraudster is why I hope #SlashTheirBudgets will catch on at some point.

PS. All of you cc'd on this e-mail (with the exception of Ms. Galarneau who has not yet taken a position, Ms. Scott and the OPS employees which may or may not be simply observing your behaviour) have served as Kiska's accomplice: this is why I named it Taxpayer-funded Domestic Violence and Child Abuse in 2019. Have a nice day.

Mr. Savage,

I have (temporarily) password protected my advocacy/whistle-blowing site www.pfi.ROCKS as required by my OCJ 20210409 Release Order (following my 20210407 arrest when my soon-to-be-statute-barred civil actions were due) in advance of the 48-hour deadline … just to know that it can, in fact, be done. I am now confident that it can and I shall do my best to ensure that it is—by tomorrow at 2:00 p.m.; however, I am now faced with a conundrum. I am only permitted to release the username: MooresTeam and the password: #SlashTheirBudget! to my Amicus Curiae and my 486-appointed counsel.

My conundrum relates to Section 21(1) of the *Criminal Code* of Canada (*CCC*) which states that:

> **Parties to offence**
> 21 (1) Every one is a party to an offence who
> (a) actually commits it;
> (b) **does or omits to do anything for the purpose of aiding any person to commit it**; or
> (c) abets any person in committing it.
>
> Common intention
> (2) Where two or more persons form an intention in common to carry out an unlawful purpose and to assist each other therein and any one of them, in carrying out the common purpose, commits an offence, each of them who knew or ought to have known that the commission of the offence would be a probable consequence of carrying out the common purpose is a party to that offence.

As you are aware, or ought to be aware, I am convinced that you are colluding with Jonathan Kiska to violate, among other sections, S. 465 of the *CCC* which states that:

> **Conspiracy**
> 465 (1) Except where otherwise expressly provided by law, the following provisions apply in respect of conspiracy:
> (a) every one who conspires with any one to commit murder or to cause another person to be murdered, whether in Canada or not, is guilty of an indictable offence and liable to a maximum term of imprisonment for life;
> (b) every one who conspires with any one to prosecute a person for an alleged offence, knowing that they did not commit that offence, is guilty of
> (i) an indictable offence and liable to imprisonment for a term of not more than 10 years or an offence punishable on summary conviction, if the alleged offence is one for which, on conviction, that person would be liable to be sentenced to imprisonment for life or for a term of not more than 14 years, or
> (ii) an indictable offence and liable to imprisonment for a term of not more than five years or an offence punishable on summary conviction, if the alleged offence is one for which, on conviction, that person would be liable to imprisonment for less than 14 years;
> (c) every one who conspires with any one to commit an indictable offence not provided for in paragraph (a) or (b) is guilty of an indictable offence and liable to the same punishment as that to which an accused who is

guilty of that offence would, on conviction, be liable;
and
(d) every one who conspires with any one to commit an offence punishable on summary conviction is guilty of an offence punishable on summary conviction.

Accordingly, as I firmly believe that you are committing crime, by denying access of www.pfi.rocks to law enforcement, I could be charged with violating S. 23(1) of the *CCC*:

> **Accessory after the fact**
>
> 23 (1) An accessory after the fact to an offence is one who, knowing that a person has been a party to the offence, receives, comforts or assists that person for the purpose of enabling that person to escape.

That I could, technically, be charged with "assisting" you and Kiska in committing crime (against me) by denying the Ottawa Police Service access to the evidence that I have accumulated … is a problem.

Do you consent to my addition of:

- "anyone employed by the Ottawa Police Service" and
- "anyone employed by the Ministry of the Attorney General"

to be added to condition #13 of my 20210409 Release Order so that we can expeditiously make the appropriate revisions on April 20, 2021 when we will be heard by Justice Boxall? If not, why not?

You have 12 hours to respond.

As an aside, your (communicated via Meaghan McMahon) "offer" that I plead guilty to ***any*** charge, receive a conditional discharge as long as I [insert details later]? Kindly put that offer in writing, Mr. Savage, and send it to me. I work for myself, have done so for years and I could care less about your criminal record threat. You need to be removed from your duties … NOW. I am fine with sacrificing all that I have to ensure that this happens. In my opinion, you have zero to be PROUD of BOY.

Mr. Savage,

As you are aware, I am preparing my materials for our third-party records motion that are due in three days … following OPS's scandalous arrest and 3-day detention of me where, again, I was not interviewed for *any* of these charges. I am awaiting your disclosure which I was told would be made available to me today. When shall I expect it? Also, when can I attend your office to listen to the audio that confirms your "complainant" has accomplished 100% parental alienation and 100% child alienation as I will be amending my Amended Answer (attached) in Family Court to seek damages as well as, hopefully, ensure that Kiska loses any ability to make decisions for our children ever again (as well as limit his "parenting" time) so that my children and I can—over-time—heal from this nightmare that was *fully* enabled by your office.

Subject: Access to Sean and Cate

Good afternoon,

Your Group fought for the sole custody of Sean and Cate to be ordered to malignant narcissist Jonathan Kiska and that my access to them be at his "discretion". My bail conditions have changed so that I am now permitted to communicate with them, see them and even hug them. However, as per attached, he has categorically stated that he wants ZERO CONTACT. Clearly, Kiska is emotionally abusing my children by preventing any communication whatsoever with me, their devoted mum. I am fairly certain that this is covered by your *Child, Youth and Family Services Act*.

You invested over two years in placing my children in this abusive home. I would like to access to my children now. What are you going to do about this problem?
