Dear Prosecution for the Crown,

Today I was advised by crooked lawyer, Wade Smith of BellBaker LLP, that crooked judge, Tracey Engelking of the Superior Court of Ontario, removed my divorce trial from the September trial list. I have been waiting FOUR years for that trial.

Last week, CAS renewed its submission to give sole access and sole custody of my children to psychopath ex-husband Jonathan Kiska.

Both of above could have been avoided if I could have attended the FC-19-CP 000 008 hearing on August 6th and the FC-15-2446-0 hearing on August 9th; but, you detained me. I have suffered irreparable harm despite R v. Boutin (1990), 58 CCC 3d 237, [1990 R.J.Q. 1841]

Your office was made well aware of these urgent issues both by fax AND in the FIVE hearings that have occurred in the past 18 days.

You have just bought yourself a lawsuit; unless, of course, you can convince Justice Engelking that ignoring my correspondence (repeatedly) and evidence while blindly following all of Mr. Smith's directions is not how judges are supposed to operate.

Kindly forward this 33-page package ASAP to Justices Engelking & Audet.

President, SAQDTU Inc.

P.S. Regarding S. 465(1)(b): I don't think that you are <u>that</u> protected.
P.P.S. Did you know that psychopaths have <u>zero</u> fear of getting caught?
They are incapable: they lack that "emotion"/instinct.

Are you aware:

- of the precedent-setting decision in Kiska v. Moore, 2017 ONSC 6872 available at www.CanLii.org?
- that I am a political activist who has openly supported the Honourable Jody Wilson-Raybould's Bill C-78 which seeks to, among other things, expand the definition of domestic violence in the Criminal Code to include emotional abuse and financial abuse?
- that I was on the Board of Directors of the Canadian Mental Health Association (Ottawa) for over two years? (I am still in touch with its Chairman of the Board, Brenda Morris, and other current Board members whom have a variety of influential positions within the local, healthcare and governing/law enforcement community.)

I do not think that you know me very well.

Oh, my witnesses will be:

- psychologist Dr. Iris Jackson of Gilmour Psychological Services (following me as I have endured Kiska's abuse since 2015)
- physician Dr. Judy Chow of Riverside Court Medical Clinic (following me since 2000; including abuse since 2016)
- Dr. Peter Kay and Dr. Daniel Saul, psychiatrists at The Ottawa Hospital
- Mohammed Said and Jenn Campbell of the CAS of Ottawa

Will you sequester them for me? I am being detained by you.

Who will your witness be? Pathological liar Jonathan Kiska?
