pfi.ROCKS The Ottawa Ticket!

(Photograph Heart in Love Wallpaper HD by PixelStalk.net)

The Ottawa Ticket is, essentially, a service that one can utilize to remove someone from their lives, be it a:

- Spouse, so you can avoid a fair divorce
- Sibling, so you keep more of an inheritance
- Child, so you no longer need to feel [?]
- Colleague, so you will be the next in line for a promotion
- Superior, so that there will be a new opening
- "Frenemy", so there is less competition for "the one"
- Competitor, so there is less competition whatever one wants
- etcetera

An empath would never utilize such a service; however, sociopaths LOVE it! *The Ottawa Ticket* enables them to terrorize their victims with little-to-no chance of ever being caught. GSI-mal participants and their paying customers are **so sick**, that they "laugh" at their targets' demise via updates to thinly-veiled websites such as this one, BitterSweetSpirits.com. And who would operate such a site? Covert malignant narcissists (i.e. high-functioning sociopaths) like my ex.

I equate GSI-mal participants to the same type of beasts that would enjoy snuff films; essentially, that is exactly what they are doing.

THIS SECTION IS IN DRAFT FORM

WIP* Rap sheet for
family lawyer, Wade Smith

My response to Smith's assistant Hammond's 20201103 14:32 e-mail turns the spotlight back onto judges. Sorry Smith,
I can no longer take you remotely seriously!!

WIP* Rap sheets for

Crown prosecutors Mike Boyce, Malcolm Savage, Moiz Karimjee and John Ramsey

My 20201105 21:03 e-mail to the CAS, OCL and Smith highlights the fervor with which Ottawa's Crown Attorney's Office has attempted to
keep me incarcerated

This is accomplished by identifying and leveraging the incompetent, negligent and/or criminal elements that one can find in every profession including, but in no way limited to:

- lawyers
- police officers
- teachers and principals
- CAS workers and lawyers
- OCL lawyers
- physicians/psychologists/psychiatrists
- Crown prosecutors and
- judges

There are also, many "blue-collar" workers involved: Bell Canada technicians named "Mark", bankers, locksmiths, security guards, cashiers, etcetera.) In addition, an organized stalking and harassment ("GSI-mal"*) campaign is developed to assist in a full-blown character assassination of the targeted individual ("TI"). The strategies employed by GSI-mal include:

- directed conversation and many other techniques described in this article found on Facebook at https://www.facebook.com/OrganizedStalkingInformers/posts/313050825461644
- Technology-assisted Stalking and Harassment ("TASH") at http://twb.rocks/website-content/TASH/ (a WIP)
- Piranha-inspired Stalking and Harassment ("PfISH") at http://twb.rocks/PfISH/ (a WIP)

They torture pets, destroy property and invade your home ... just to let you know that they can.

I am fairly confident that Kiska turned his "demolition of me" into a service-for-hire business model that he could franchise out to other sociopaths internationally. To understand these beasts a little better, here is an brief article "Why do Narcissists Destroy their own Families?", by Frank Gallagher.

*WIP means work in progress.
