Deirdre - you asked if I could provide details of comments made by Mr. Kiska related to how he would respond in dealings in a divorce case between you and he.

While I cannot recall the dates I do recall distinctly him using the phrases:

"I will spend my last dollar".

"I will go for the jugular". \*

Re: Sean Kiska (6 yrs old)

Sean on Monday morning - he had none of his stuff with them. Very unusual for him.

Parents had a big fight over the weekend.

Daddy hit mommy that's why she is in the hospital. Really loud screaming; hiding in room; he wasn't answering. Very emotional; CAS went to have a home visit.

Jonathan spoke w Principal & Vice-Principal about over the weekend. Mom hit by road.

Hi John:

[REDACTED] been sharing with me what has been going on. I know you're talking about getting a lawyer and I wanted to see if I could get some recommendations before you started looking for one.

I contacted [REDACTED] and said only that I was looking for a family law lawyer. He said he's had files only with a few Ottawa lawyers and wouldn't recommend any of them. He said he knew a lawyer in Almonte, Elizabeth Swarbrick, who impressed him. I hope that's of some use to you.

Consent & Capacity Board <sup>26</sup> ~~hearing~~ hearing

1 available to see Mrs. Moore again in consultation, as  
2 required.

3 So then we're in July and August 2013; it  
4 appeared that she continued to be on the low side; her mood  
5 was low according to her husband; she spent a lot of time  
6 in bed; he had to prepare the meals for the kids and that  
7 they went on a family vacation trip in Mont Tremblant but  
8 apparently she spent a lot of time in bed during that  
9 vacation.

10 In September to October she was not as  
11 depressed and became physically a bit more active again,  
12 went to the gym and started to work; her work consisted of  
13 providing -- she might give obviously more information on  
14 that, but she worked on contract; she prepared an article  
15 that takes her some -- I don't know how many days every  
16 quarterly, I think; and she worked from her office in  
17 finance.

18 During December she went -- it looks like  
19 she became a bit depressed again, her husband describes her  
20 being flat-lined and nothing. And he works full-time so he  
21 had to get the Christmas tree, the decorations and wrap the  
22 gifts but apparently she managed to purchase the gifts.

23 Then in January to February 2014, she became  
24 more active again; her energy came back and became more  
25 focussed on physical fitness and exercising, a topic or an  
26 interest that is always important for Mrs. Moore.

Hi Deirdre,

I hope you're well.

The schedule looks fine from a resources stand point (including copyeditor availability - she agreed to switch her days around as a one off for us!). We met with Bill Horton today to get alignment on the CIO message. As a final step, I'll follow up with Bill today to confirm whether he has any concerns/conflicts scheduling the final review over the weekend of Jan 25/26 and let you know.

Hi Megan. We should have no problem getting there for 3:15 this Thursday (I think you are somewhere off Bank Street?). The kids will have already had a lesson that day (from 1:00 to 2:00) but you could spend a 1/2 hour with each (I'd pay you of course!) and you could let me know what you think level-wise and chemistry-wise. Then we could take things from there.

Hi, I didn't have much for the dates you asked for, sorry I can't be of more help.

2013

May 3 convo about Cate and Caitlyn playdate, but Sean had a friends party to get to that day.

June 18 trying to plan playdate but you have plans to have coffee with a friend (you didn't name him/her) we made plans to get together on July 10

July 1-5 you invite us to bring the kids to play on the bouncy castle for Sean's party, but we are away in Montreal. Made alternate plans for July 17.

July 16 confirm plans to meet at my house with kids at 9:30am, you say John might take the kids instead of you.

Nov 12 invite Caitlyn for Cate's party

2014

February 2 make plans to have coffee with Dana (I vaguely remember this and I believe Dana cancelled and it was just you and I at second cup.)

March 23 invite us to go sledding at arboretum, I remember this because you had awesome sleds that I wanted to find for the kids.

Sorry I don't have much else to give you.

Interest charges - We calculate interest on purchases, cash advances and fees, from the date of the transaction or fee until the date we receive payment in full. We never charge interest on interest charges. We don't charge interest the first time if you pay your new balance in full by the payment due date. You must pay interest on all cash advances. See your card carrier for the number of grace days that apply to your account.

How we calculate interest - The interest rates we charge are the annual cash advance and purchase interest rates shown on the card carrier, or any amendment we make to those rates, which will be provided to you in writing. The annual and daily rates appear on your account statement. See your Cardholder Agreement for a detailed explanation of how interest is calculated.

How we apply payments to your account - When we receive a payment, we apply it to your account as outlined in your Cardholder Agreement. Your payments are processed the day we receive them. You must make sure that the payment is your payment due before the payment due date shown on your account statement.

Your minimum payment - You may pay your account balance in full at any time. By the payment due date shown on your account statement, you must pay the minimum payment. The minimum payment is:

- If the new balance is \$10 or less, the full amount, or
- If the new balance is more than \$10, the greater of \$10 or the percentage of the new balance shown on the card carrier or in any notice we may send you.

However, if the new balance exceeds your credit limit or if there is an amount past due on your account statement, you must pay the greater of:

- The minimum payment described above plus the past due amount, or
- The amount by which your new balance exceeds your credit limit.

Foreign currency transactions - If you have a Canadian dollar MasterCard, we convert transactions, including refunds, made in a foreign currency to Canadian dollars. If you have a U.S. dollar MasterCard, we convert transactions, including refunds, made in a currency other than U.S. dollars to U.S. dollars. We make the conversion at our purchase exchange rate in effect on the day the transaction is posted to your account. Our purchase exchange rate may not be the same as the rate that was in effect on the transaction date.

For foreign currency transaction refunds, we make the conversion at our refund exchange rate on the date the refund is posted to your account. Our refund exchange rate may not be the same as the rate that was in effect on the date the transaction was refunded. The difference between our purchase exchange rate and our refund exchange rate means that the amount credited to your account for a refund of a foreign currency transaction will in most cases be less than the original amount charged to your account for the transaction.

Estimated Time to Repay - In calculating the number of years and months required to repay an account balance shown on an account statement if you pay only the minimum payment due each month on the payment due date, we assume that the current annual interest rate for purchases will apply throughout the repayment period. We also use such other assumptions as are required or permitted by applicable law.

PLEASE PAY YOUR SCHEDULED PAYMENT AMOUNT  
BY THE PAYMENT DUE DATE.
