Mr. Smith,

I am not sure what other materials you could possibly need for October 17th.
You have almost two years' worth of affidavits and evidence.

Would you like to discuss any of the aspects of my draft Offer to Settle (re-attached for your convenience)?

Deirdre Moore, CFA, BBA

Understood. Given the volume of your previous submissions to the court, I had assumed that we would be receiving further material.

I already served on you a Brief.
(Like you already had the appraisal.)

Ms. Moore. Justice Audet needed to know how the parties were reporting their incomes on their income tax returns. You did yours two different ways. John did his one way – based on his accountant's advice.

Justice Audet stated that, regardless of whether either of you did it accurately, it hasn't been questioned by CRA. Consequently for assessing the ability to pay support (and for this purpose only) these are the numbers to be used.

As regards the Settlement Conference, you have scheduled this and therefore need to serve your Settlement Conference Brief first. In order to save duplication of photocopies (for example the OCL Report, appraisals, etc) can you advise what you will be attaching to your Brief? Thank you.

Finally, if you have a realistic settlement proposal, please advise.

Mr. Smith,

Attached is even MORE evidence that what you said to Justice Audet on September 7th was false.
Are you sure that you don't want to inform the Court of the false statements of fact that you made?

Deirdre

Mr. Smith,

As you are aware, and as described below, you provided Justice Audet with false statements of fact on both March 22nd and September 7th and, as a result, I lost the Motion for Interim Financial Support.

You are also aware that:

- There is enough evidence within the C.R. to support all of my allegations against Mr. Kiska with respect to damages sought (for violations of Civil Law, the Criminal Code as well as the Family Law Rules) and as permitted by Justice Summers in her Honour's endorsement of my Amended Answer.
- On September 7th, Justice Audet stated that no further evidence was required for the upcoming Settlement Conference
- I hope to have Mr. Kiska's Application struck so that I may serve on him a Form BA and divorce him for cruelty (with a separation date of September 26, 2015) as per C.R. Volume 6, Tab 4)
- I believe Mr. Kiska continues to ensure that I am harassed constantly and that he is responsible for the hacking of my technology, of which I have ample evidence"
- I have the full support of both the victims services community and the medical health community to pursue an advocacy role with respect to The Fragility of Mental Health when in an Abusive Relationship (as included in exhibit G and H in my Affidavit that was served on you on August 24, 2018.)
- I began to pursue this not-for-profit initiative (mentioned above) early in 2017 (as included in Exhibit I of my Factum that was served on you in August 2017).

- I believe that Mr. Kiska is, at a minimum, a narcissist. (See page 29 of the Office of the Children's Lawyer report.)
- I (and my previous lawyers) have attempted to communicate with you on many, many important matters over the past 18 months to no avail.

I have requested your consent on many issues that could be presented to Justice Engelking on October 17th; however, I have yet to receive any response.

Instead, you simply make a statement (as per below) "Please forward the property appraisal."

Well Mr. Smith, the property appraisal was included as part of Tab C in my Factum served on you August 29, 2018. You continuously claim that my materials are "voluminous". That may be so; however, that term aptly describes the amount of evidence that I have AND since you are asking for the property appraisal, it would seem you choose to ignore my materials. To be clear, you already have the property appraisal.

Deirdre Moore

*One sample was included in Tab A of the Factum that was served on you on August 29, 2018.

Mr. Smith,

I found attached T5 for Kiska in my tax files.

Need a copy?

Marc Payeur, CPA, CA, CFE says the math is very wrong in the DivorceMate calculations that you submitted to Justice Audet.

That's probably why I lost the Motion. That and all of your other false statements of fact.

Deirdre
