Ref: Dr. Chow (physician)

Deirdre was admitted Civic Psychiatry on March 3rd, 2013. Jonathan took Deirdre to emergency.

★ Dr. Chow unsure of what is going on, thus not typical behaviours for Deirdre, very surprising. Deirdre is an awesome mother. There was no indication - Deirdre seen by Dr. Chow last week during children's appointments.

Dr. Chow unsure how long being admitted. Wants writer to fax consent before providing more info.

- Dr. Chow stated a thorough assessment needed to determine the why's to this breakdown in someone so young.
