Dear Dr. Kay,

in preparation for today's meeting, I offer to you
the following notes, thoughts, requests

- (1) In my case, the "project" term this triggers my
defensive dysregulation is currently demonstrated.

	TC H	HOME
HIGHERED anxiety	+	-
+ Severe Competing	n/a	n/a
+ REM Deprivation	-	?
= Defensive Dysregulation		

where, + = positive impact and - = negative impact
e.g. Being at TCH reduces anxiety & having a
positive impact.

- (2) Current Work in Progress (WiPs)

a) Initiating Divorce from Jonathan Kiska (JK)

At 10:00 a.m. on Thursday October 8, 2015, I met with
Mr. Jonathan Richardson of Augustine Baker Bents LLP
(613-569-9500). My colleague and friend, David Pattee,
joined me at this meeting. He can be reached at
613-410-8484 or david.pattee@corusent.com.

I am hoping to get a retroactive separation date
of July 10, 2014; the day that JK lied in order
to have me committed to the Civic Hospital under
a form 1.
