Dear Ottawa Mayor Mark Sutcliffe,

As you are aware, or ought to be aware, I am now entering my *thirteenth* year attempting to divorce my sociopath husband, John Kiska. He pays zero in spousal support or occupational rent while he continues to reside in our \$2,000,000 home with my 100% gaslit teens, Sean & Cate, my dog and my cat. This, despite all of the protections from domestic violence that have been codified in Canada's *Divorce Act*. Ottawa's legal-judicial system has enabled Kiska's wickedness to the point that the actions and inactions of him and his *many* accomplices meet the definitions of Terrorist activities and Trafficking in persons as defined in Canada's *Criminal Code*.

This *is* the capital of our country: it's a completely lawless Anarcho-Tyranny system as evidenced on my whistle-blowing site [www.twb.ROCKS](http://www.twb.ROCKS).

Currently in hiding due to my husband's accomplices' *severe* harassment and persecution, a donation to my awareness campaign would be greatly appreciated. Feel free to e-transfer to me any amount so that I can continue to raise awareness of this government corruption, corporate crime and taxpayer fraud. Also, please share widely as media is covering it all up.

With love from,
