As evidenced by the 20250410 court order stored at <https://twb.rocks/wp-content/uploads/2025/05/Moore-v-ECMC-Court-Submissions-43.001-43.002.pdf>, I had both lawful and reasonable excuse (as always) for missing the April trial dates. What grounds do you demon-managed carcasses have to support a warrant for my re-arrest? Just more lies and burying of exculpatory evidence by your group (as usual)?

I'm getting a little tired of being terrorized by your group. Why are my questions so difficult for you to answer?
