Mr. Al-Rashedi,

I confirm receipt of your 20250617 1710 e-mail. Thank you for the additional evidence against the RCMP's pathological liar Matt Peggs who, in his 20250617 materials, neglected to mention his office's **return call** to me on 20230713 (see link to A/V recording with partial testimony at <https://twb.rocks/domestic-terrorism/perpetrators/individuals/matt-peggs>). For ease of reference, here's the link: [https://youtu.be/9DTtbRZQmXo?si=78\\_vluCJKG3LpiCV](https://youtu.be/9DTtbRZQmXo?si=78_vluCJKG3LpiCV).

Unbeknownst to Peggs, in 2022 I was provided with his name and number by an **undercover RCMP Officer** who claimed Peggs was dirty and not to be trusted by anyone. It would appear that this tip was correct as Peggs is currently violating the *Criminal Code*'s s. 21(1) Party to Offence, enabling the malicious prosecution of me (a s. 465(1)(b) violation) **and** covering-up Ottawa's *massive* human-trafficking/domestic terrorism activities which involves, but are not limited to, dozens of judges, lawyers and cops.

That Peggs, according to para. 15a of his 20250617 Affidavit, is the **only** Canadian "law enforcement" meeting with the U.S. National Sheriff's Association **Border Security** Council in June is concerning. My draft article "Internet Provider ("IP") Addresses: Does the International Syndicate use them to Organize its Terrorist Cells & Communicate?" (see <https://twb.rocks/organized-crime/cell-structure>) evidenced **multiple** ways in which Canadian cells are **linked** to American and International cells.

Mr. Al-Rashedi, the (complicit) *Amicus Curiae*'s intentional delay in serving upon Peggs a **clearly deficient** subpoena (clearly, in order to "help the court", she obtained **zero** input from me), renders it impossible for me to prepare a full reply to Peggs' scandalous Application to quash by 20250623. All by design, this is merely **another** example of the Crown's all-too-common False-Positive Conviction maneuvers (some of which are already published at <https://twb.rocks/domestic-terrorism/perpetrators/entities/ontario-court-of-justice>).

Is Matt Peggs **certain** he would rather participate in the silencing of me versus obtaining credit for disassembling a massive human trafficking/terrorist network and restoring *some* faith in Canada's only federal law enforcement agency?

Kindly confirm receipt.
