Bonjour Family Court!

Instead of *repeatedly* asking for the court-endorsed Case Management Conference to be scheduled (see thread and links below) so my scandalous 10-years-and-counting divorce can proceed, would you simply admit that:

- a) I am being denied a divorce in Canada,
- b) all protections from domestic violence codified in Canada's *Divorce Act* are systemically circumvented by Ontario's Superior Court of Justice (as partially evidenced at <https://twb.rocks/political-persecution/family-court>),
- c) my ability to seek the damages permitted in my 2018 Amended Answer (ie. for my husband's multiple crimes and torts) will never see the light of day and
- d) despite the 2017 OCL recommendation that I receive sole custody of my children, Sean & Cate, the complete removal of me from their lives will continue so they will never learn the truth about what their father, the police and the courts have done to silence me (as partially evidenced at <https://twb.rocks/political-persecution>)?

Thank you.

Bonjour!

It's been two weeks since I submitted *another* urgent request to Family Court (see details at <https://twb.rocks/archives/y2025/m202506/2025-06-26>). If:

- an evidence-based amended Amended Answer,
- the correction of an illegally-obtained fraudulent support order and
- the ending of parental/child alienation

are too complex for a case management conference, we could start with the simple task of addressing the overdue occupational rent (see relevant case law and legislation at

<https://lamfamilylaw.ca/2024/10/28/from-non-chhom-v-green-to-today-navigating-occupation-rent-claims-in-ontario/>).

It should be a slam dunk for any legitimate judge. The relevant factors to be considered when occupation rent is at issue in a family law context are (Non Chhom v. Green, 2023 ONCA 692 (CanLII), at para 9) are:

- the timing of the claim for occupation rent (ie. **since 2017**, immediately after our third and final separation)
- the duration of the occupancy (ie. 20161201 to present: **8 years, 7 months and 8 days** as husband continues to leverage accomplices including, but not limited to, those positioned in Ottawa's Criminal Court as evidenced at "Party to Offence" published at <https://twb.rocks/party-to-offence>);
- the inability of the non-resident spouse to realize on their equity in the property (ie. 100% as husband cancelled the BMO Home Equity line of credit and BMO has refused to provide any meaningful records);
- any reasonable credits to be set off against occupation rent (uncertain as the BMO mortgage was renewed behind my back, without my consent); and
- any other competing claims in the litigation (ie. none that have materialized thus far (due to Family Court's "**Delay - Deny - Destroy**" tactics) as evidenced by outdated list of damages that I am already permitted to seek at <https://twb.rocks/wp-content/uploads/2023/02/Ex-A-20180111-Amended-Answer-Excerpt-Damages-Sought-in-Family-court-MOORE.pdf>) following the 2017 precedent-setting decision of SCJ's D. Summers.)

In addition, the following factors have also recently been considered:

- the conduct of the non-occupying spouse, including the failure to pay support (ie. he pays zero as my income remains practically non-existent as evidenced at Notices of Assessment published at <https://twb.rocks/domestic-terrorism/perpetrators/individuals/john-kiska/fc-15-2446/2025-urgent-motion> );
- the conduct of the occupying spouse, including the failure to pay support (ie. he lied to rip my children from my life (see <https://twb.rocks/organized-crime/entity/cas>) and lied **to have me arrested** so the 2019 divorce trial would be cancelled (see evidence linked to <https://twb.rocks/domestic-terrorism/perpetrators/individuals/john-kiska> at 20190726);

The continued forced impoverishment and destitution of a previously healthy, affluent and devoted mother by an abusive husband not only makes a mockery of Ottawa's Family Court, but Canada's federal *Divorce Act* and its entire legal-judicial/parliamentary process in general. Unless there is a drastic and immediate reversal in the ongoing terrorization and torture of me, it would seem that the time spent amending this *Act* to codify protections from domestic violence (see Bill C-78 Time Allocation Motion: David Lametti/Arif Virani re-published at item #9 at FC-15-2446 **Request to 20240710 Admit #4** at <https://twb.rocks/domestic-terrorism/perpetrators/individuals/john-kiska/fc-15-2446/form-22-request-to-admit-20240710>) was merely taxpayer-funded theatre; **an advertisement for Canada's public image and nothing more.**

Ms. Ross,

The hearing "type" and purpose was specified at para. 16(b) of the 20210609 Endorsement (linked below).

As evidenced by:

- the 11/12-volume Continuing Record for FC-15-2446 and
- the taxpayer-funded retaliatory maneuver that was FC-19-CP08,

my husband has successfully circumvented Canada's federal Divorce Act ("DA") since 2015 by leveraging/exploiting provincial legislation\*\* including Ontario's Courts of Justice Act (Family Law Rules) and its Child, Youth and Family Services Act. Accordingly, I remain forcibly married and denied all federal DA-codified protections from domestic violence including, but not limited to, access to income, access to my children and access to my assets.

SCJ's Pamela MacEachern endorsed/forced the ONLY possible next step in her endorsement at para. 16(b):

Ex-AN-20210609-  
Endorsement court-enabled-fraud-  
continues-MACEACHERN  
PDF Document · 596 KB

Despite the errors in law, errors in fact and errors in mixed law and fact, her decision could not be successfully appealed; so, this never-ending divorce has mushroomed into one that reeks of multi-faceted scandal.

This [ordered] “case management conference” should address:

- a) that my 2018 Amended Answer requires revision to include my husband’s 2018-2024 crimes and violations of civil law (from which I continue to suffer),
- b) that the fraudulently-obtained, fraudulent 2018 temporary support order requires amendment to reflect reality (retroactively) and not entirely falsified claims regarding income and
- c) that communication with my fully-deceived children has been perpetually and cruelly denied to ensure not only parental alienation but (likely) irreversible child alienation (when the 2018 OCL recommendation was that I, as the superior parent, receive sole custody).

As my children (who were unlawfully ordered into the hands of my abusive husband despite the fact that “custody and access” fell within the jurisdiction of the federal Divorce Act) are now adults with whom I’ve been denied communication (or even a simple photograph) for over six years, evidence of this undeniable aspect of his abuse should support the extensive damage award that I already received leave to seek from Justice Summers in 2017.

November 2025 will mark one full decade of court-enabled domestic violence and child abuse: I would think that any reasonable court would prioritize remedy for the clear injustices that have been permitted to transpire.

Deirdre Moore / Andee Jak

\*my husband also weaponized Canada’s federal Criminal Code via numerous false allegations spanning from 2019 (to have the original divorce trial cancelled) to 20240216.
