

Ontario Court of Justice

Pre-hearing Notes/Agenda for 20250731

These are my **20250731** draft notes as of 10:00 >> Crown's pathological liar Lauren Hannough-Bergman's (work-in-progress evidence page is stored at <https://twb.rocks/organized-crime/vis/lauren-hannough-bergmans>) is expected to argue while OCJ's J.P. Jocelyne St. Jean presides.

Issue #1: copy of current **Rap Sheet** and copy of current remaining charges in writing.

Issue #2: Outcome (in writing) of Application to Quash by RCMP's 2iC **Matt Peggs** who lied in his Application (see evidence at <https://twb.rocks/domestic-terrorism/perpetrators/individuals/matt-peggs>)

Issue #3: establish a timeline to serve, file **and schedule** Applications thus far denied and still pending as partially described at <https://twb.rocks/domestic-terrorism/perpetrators/entities/ontario-court-of-justice>,

Issue #4: cancel **bench warrants** (s. 145 **requires** "without lawful excuse" for failure to attend/comply to be criminal; a **fact** the Crown has consistently ignored since 20190727):

- 20250414-16 trial > ensnared by an American criminal operation (<https://twb.rocks/blank-00/living/safety/ecmcc/thomas-quatroche/hutcheson-affronti-deisinger/20250801-50-H-hearing>)
- 20250623-25 trial > obtained abundance of evidence that trial was **rigged** for **False-Positive Conviction** including, but not limited to:
 - slashing of trial from three days to one after the Trial Readiness Hearing had confirmed a 3-day trial,
 - OPSB Officer Nicolas Tessier-Bouthillette had not been subpoenaed and
 - *Amicus* made it impossible for me to prepare my witnesses.

Issue #5: re-instate the **other 4 of 5 20231216 charges** as OPSB disclosure evidences crimes committed by complainant (and accomplices) 2019 to present (relates to part of defence given existence of s. 21(1) of CCC,

Issue #6: combine files 23-11409065 and 24-11401201 which resulted from me attending **my own property** situated at 1244 Lampman Crescent, Ottawa, Ontario K2C 1P8 where complainant continues to pretend that I am not an owner (despite all protections from domestic violence codified in Canada's federal *Divorce Act*) as partially evidenced at:

- <https://twb.rocks/political-persecution/family-court> and
- <https://twb.rocks/domestic-terrorism/perpetrators/individuals/john-kiska>

Issue #7: Acknowledge that I am still **forcibly and illegally married to the complainant** who:

- lives in my \$2,000,000 home,
- pays zero in spousal support (see evidence at <https://twb.rocks/domestic-terrorism/perpetrators/individuals/john-kiska/fc-15-2446/2025-urgent-motion>) and
- has illegally denied **all** communication with my children since February 2019 while custody and access remains the jurisdiction of the federal *Divorce Act*, not any provincial Act, due to the **doctrine of federal paramountcy**; and, that Ottawa's Crown Attorney's Office have served as his accomplice on multiple crimes since July 2019

Issue #8: Copy of Webber's 2024 **Amicus Curiae** Appointment as mine was stolen when storage unit was emptied during 20240913-20241101 kidnapping (partially evidenced at <https://twb.rocks/upig/psych/population-control>): it proves that current appointment of Konarowski by Sirivar was illegal.

Issue #9: Other items > Recommend the arrest of Crown prosecutors listed at <https://twb.rocks/domestic-terrorism/perpetrators/individuals> for multiple crimes including, but not limited to, violations of:

- s. 465(1)(b) Conspiracy (to prosecute),
- s. 429 Willfully causing event to occur,
- s. 430 Mischief and
- s. 380(1)(a) Fraud via s. 23(1) Accessory after the fact

Issue #10: Schedule **TBST** for progress update

Notes:
