

20231225 AS.D10

December 25, 2023

Greetings Moira,

I trust you received my 2023/12/17 2-page letter with enclosures:

- a) 2023/12/17 3-page letter to Sean & Cate and
- b) 2023/12/17 AS.D03.01 Memos #1-6?

As I have not received a birthday "Christmas" or any other gift from you since Sean & Cate were successfully ripped from my life in February 2019, I'm hoping you'll be able to:

- a) pay to Dymon Storage on Coventry Road the (approximately) \$300 plus tax due in order to keep my hard copies; the evidence against John Kisker and his 200+ accomplices safe and sound
- b) pay to Dymon Storage fee (approximately) \$120 due on the 1st of each month thereafter until Kisker: - pays the \$800,000 + in retroactive financial support and occupational rent owed to me and - buys me out of my half of the \$2,000,000 international home
- c) send to me \$200/month for center so I can purchase coffee and stamped envelopes for another Mail Campaign to media, politicians and other activist-related activities.

Also, would you please provide the mailing addresses for Moira and Eileen? I'd like to give them notice that I've implied:

- Moira is involved in money laundering (see www.pti.rocks/organized-crime/sis/moira-moore) and
- Eileen is involved in "gangstalking" (see www.pti.rocks/organized-crime/vs/eileen-moore).

Your "understanding" is not-necessary; however, hopefully you comprehend this dire situation.

Verily

Daughter #1,
