Dear

Re: Government-controlled Media & Multi-faceted Human-trafficking Operations

By now, you should be aware that:

- a) the capital of Canada is home to a **massive** hub for multi-faceted, police-protected¹ human trafficking,
- b) my husband, John Kiska, is part of this insidious, taxpayer-funded operation² and
- c) a whistle-blower on the entire operation, I was forced to flee from Canada last year and seek asylum in the United States³.

My evidence of this network implicates not only the current Mayor of Ottawa, Mark Sutcliffe, but also second-in-command at Canada's RCMP, Matt Peggs.⁴

This scandal, however, represents only a **tiny** glimpse into that which is transpiring in Canada ... unbeknownst to most. I enclose, again, 30 topics labelled "**2026 Awareness Tour**"⁵ that I suggest you investigate (and comprehend) while your means to do so remains possible. That censorship laws are being implemented internationally is no secret: government-controlled media⁶ is **not** your ally—this includes Mr. Musk's Twitter/X platform⁷.

Also enclosed is an introduction to another reality of which you are likely unaware: "**Our Current Beast System**"⁸. The fact that we are already at Revelation 20:7-10 is obvious to anyone who begins to seriously consider that possibility. Accordingly, social media circles have already been infiltrated by those hoping to discredit **anyone** who's attempting to raise awareness. Evidence of this is also enclosed: see "**The Hagiographies Hoax**"⁹

I'll do my best to link updates on my site under "Diary of a Canadian Whistleblower"; however, the death threats have ramped again so I have no idea how long I'll be permitted to produce/share material.

Verily,

Deirdre Moore / Andee Sea Cae Jak

PS. My apologies if you were excluded from any of my previous mail campaigns: a whistleblower's resources are not unlimited.
