Cover: More Than a Carpenter by Josh McDowell and Sean McDowell

(Introduction) This 178-page book is sectioned into 13 chapters and has an excellent bibliography; but, what interested me most during my quick read were the pages¹ that claimed that the "address" of the Messiah was prophesied throughout the Old Testament ("OT") and could be none other than Jesus Christ.

It references eight New Testament ("NT") verses when The Messiah "appealed to OT prophecies to substantiate his claims":

- Galatians 4:4
- Luke 24:27, 24:44
- John 5:46, 8:56
- Acts 3:18, 17:2-3
- 1 Corinthians 15:3-4

Add Psalms 2

Then, it references another (insert count) OT verses that identify the who, the what, the where, the when and the how of The Messiah's "address". The why? That's revealed in the ~~NT with another two.~~

I have extracted the authors' (insert count) scriptural references and [represented] them here with quotes from various Biblical sources.

1 See pages 143-146

2 versus, the serpent's seed (ie. Seth) *was fathered by Adam*

3 see exposé "The Seed Wars" distributed by YouTuber "The Protoevangelium"

4 Note that the authors omitted the 8 births between Seth and Shem; and, the 8 births between Shem and Abraham.

5 Jacob was given a new name "Israel" (see); hence, the 12 tribes of Israel are simply Jacob's descendants.

6 The 12 tribes of Israel: Reuben, Simeon, Judah, Issachar, Zebulun, Joseph, Benjamin, Dan, Asher, Gad, Naphtali, Levi

7 Also, Mary was born of two tribes: Judah (paternal) and Levi (maternal).

8 Note that the authors omitted lineage from Judah to Jesse (ie. Phares, Esrom, Aram, Aminadab, Naasson, Salmon, Booz and Obed; as well as the 42 additional births that occurred to produce The Messiah (according to Appendix 99 of the KJV Bible Companion copied with permission here:)).

- "[Isaac's Jacob⁵ would be selected over Esau]" (Genesis 28:1-4, x; Genesis 35:10-12, x; Numbers 24:17, x)
- Of Israel's 12 tribes⁶, the tribe of Judah would be selected. While there is no scripture that specifically makes this claim, [?no other tribe bore a son named Jesse?] (see below).⁷

- Of Jesse's family, the house of David would be selected (2 Samuel 7:12-16, x; Jeremiah 23:5, x)

The Where

The Messiah would be born in Bethlehem:

- "... (Daniel 9:26, x)

- "... (Psalm 22:7-8, x;
- "... (Psalm 118:22)
- "... (Isaiah 8:14, 49:6, 50:6, 52:13-15)

How He would be betrayed (by a friend, for 30 pieces of silver that would be cast on the Temple floor):

- Psalm 41.9
- Zechariah 11:12-13

as noted by Saint Matthew at his NT Matthew 27:3-10.

How His hands and feet would be pierced; His crucifixion*:

ANARCHO-TYRANNY

Samuel Francis defined this condition as the combination of oppressive government power against the innocent and the law-abiding and, simultaneously, a grotesque paralysis of the ability or the will to use that power to carry out basic public duties such as protection or public safety. It is characteristic of anarcho-tyranny that it not only fails to punish criminals and enforce legitimate order but also criminalizes the innocent, and in this respect its failures bring the country, or important parts of it, close to a state of anarchy. That semblance of anarchy is coupled with many of the characteristics of tyranny, under which innocent and law-abiding citizens are punished by the state or suffer gross violations of their rights and liberty at the hands of the state. Francis identified punishment of the non-compliant as the real purpose of the tyranny component.

The OPS defendants reserve all rights to seek to strike such paragraphs notwithstanding the delivery of this statement of defence.
6. The Ottawa Police Services Board is a police services board, and pleads that it has the responsibilities and public duties as set out in section 31 of the *Police Services Act* (the "*Act*") The

defendants further plead that pursuant to section 50 (1) of the *Act*, and the Board is liable for torts committed by police officers in the course of their employment. The defendants deny that any such torts were committed by any individual defendant police officer in the circumstances alleged in the statement of claim.

7. The OPS defendants plead that if the plaintiff sustained any injuries or damages as alleged in the statement of claim, or at all, which is not admitted but expressly denied, then the same were not caused by any fault, neglect, negligence, or breach of duty on the part of the OPS defendants or on the part of anyone for whom the OPS defendants may be in law responsible.

8. The OPS defendants state that this claim arises out of the breakdown of the marriage between the plaintiff and her ex-spouse, Jonathon Kiska. The OPS defendants specifically deny that they are at all responsible, either directly or indirectly, for the marital breakdown, the involvement of the Children's Aid Society or any of the custody, access and financial orders made by the Superior Court of Justice in relation to the marital breakdown.

9. The OPS defendants state that on April 8, 2019, the plaintiff was placed on a restraining order with several conditions, including abstaining from communicating with her children except while supervised. She was also required to stay 500m away from 1244 Lampman Crescent (the "Property"), the address of Mr. Kiska and her children.

10. On June 27, 2019, the plaintiff breached this bail condition by attending at the Property. The plaintiff was charged under the *Children, Youth and Family Service Act 2017*, S.O. 2017, c. 14.

11. On July 19, 2019 and July 20, 2019, the plaintiff re-attended at the Property a second and third time. She re-attended on July 26, 2019.

12. The plaintiff attended 474 Elgin Street on July 23, 2019 to present documents she was relying on to support her allegation that a number of people, including employees of the Children's Aid Society, Justices of the Peace, Municipal Prosecutors, Judges, OPS officers, Mental Health Professionals and Quebec Police were involved in a "crime circle" and she wanted the OPS to investigate the crime circle.

13. On July 27, 2019, the plaintiff attended at 474 Elgin Street, where she arrested for failing to comply with a court order. She was spoken to by an OPS officer at this time, and advised that her complain of not receiving spousal support was not a criminal matter, and she is on conditions not to communicate with Mr. Kiska or her children.

14. Although when the plaintiff attended at 474 Elgin Street on July 27, 2019, she was the complainant, the OPS defendant closed the file on the basis that there was not enough evidence to continue with a Criminal Investigation, because all matters that she spoke of are civil and not criminal.

15. The OPS defendants plead that once charges were laid, all decisions in respect of the prosecution of the plaintiff were the responsibility and entirely within the discretion of the Crown whose decisions are independent of the OPS defendants and for which the OPS defendants cannot be held responsible.

16. The OPS defendants plead that, at all material times, given the available information there were reasonable and probable grounds to arrest and charge the plaintiff. The OPS defendants put the plaintiff to the strict proof otherwise.

17. The OPS defendants deny that the plaintiff's rights under sections 7 and 9 of the *Canadian Charter of Rights and Freedoms* ("*Charter*") were breached, and puts the plaintiff to the strict proof thereof. Further and in the alternative the OPS defendants plead that in the event any of the plaintiff's *Charter* rights were breached the same were reasonable limits on the right pursuant to section 1 of the *Charter*.

18. In the alternative, the OPS defendants pleads that, to the extent that the plaintiff's *Charter* rights were infringed, such infringement was not deliberate or a result of any *mala fides* on the part of the OPS defendants occurred only as a result of the OPS defendants' good faith execution of their statutory and common law duties, and was reasonable and justifiable pursuant to section 1 of the *Charter*. The OPS defendants further plead that in any event, damages would not be an appropriate remedy for any *Charter* breach that the plaintiff could establish in the circumstances of this action.

19. OPS defendants plead that at all material times, the individual police officers involved in this matter acted in a professional, competent and reasonable fashion without negligence in

compliance with their statutory duties and obligations as police officers and they put the plaintiff to the strict proof otherwise. The OPS defendants plead and rely upon the provisions of section 42 of the *Act* in this regard.

20. The OPS defendants explicitly deny that they, or anyone for whom they are at law responsible, participated in any assistance of fraud, conspiracy to prosecute, accessory to fraud, torture, defamation, arbitrary detention, false imprisonment, intentional infliction of emotional harm, negligent infliction of emotional harm, malice and/or negligent infliction of emotional suffering.

21. The OPS defendants deny that the plaintiff sustained any injuries or damages as alleged in the statement of claim, or at all, and puts the plaintiff to the strict proof thereof. The OPS defendants further plead that the damages claimed by the plaintiff are excessive, too remote, are not recoverable at law and have not been mitigated by the plaintiff.

22. The OPS defendants plead and rely upon the provisions of the *Negligence Act*, R.S.O. 1990, c. N.1, as amended and claim contribution and indemnity from the plaintiff in respect of any finding of liability or award of damages that may be made as against the OPS defendants at the trial of this action.

23. The OPS defendants deny that the plaintiff is entitled to any punitive or aggravated damages and put the plaintiff to the strict proof thereof.

24. The OPS defendants therefore ask that this action be dismissed as against them with costs.

Dear Dr. White

re: Power of Attorney, Executor, Trustee, etc.

I am a whistle-blower on government corruption / organized crime in Canada's capital, Ottawa. One of the ways in which I have exposed legal-judicial corruption (and more) is via initiation of Civil actions with evidence published on a corporate site that I've had since 2019 (www.pfi.rocks).

Falsely accused, arrested, detained many times, I fled Ontario, but, now I'm being illegally detained in Manitoba — this time, in a psych ward where nothing they are doing is legal.

I named you as my Power of Attorney (in 2019) and expanded your power significantly in 2020 for this very reason. Current civil actions exceed \$50 million (CAD) and I had one pending against Ontario's Ministry of the Attorney General for another \$50 million (CAD). So, I imagine I have exposed enough corruption to upset some very powerful people.

Enclosed are simply photographs of my 2020 handwritten estate docu all I can currently access. It is stored at www.twb.rock/abou (scroll down to second document labelled "c") which is my "back-up" site where I started a re-design. It may not look like much; but, over ten ye of evidence is stored there: I just needed to finish my re-design.

HSC Winnipeg is attempting to circumvent all laws — and your appointme to deem me incompetent and force [insert chemical and/or physical "restrai of choice]. The evidence that I've managed to produce while denied access to my computer / hard drives / printer follows.

I would be grateful for any assistance in which you are in a position to provide.

Dear Dr. White,

#4 → re: HSC Chart Submissions 1-6, 20241010 Ombudsman complaint, etc.

I trust you have received packages 1 to 3 of 10. The insanity continued today as:

1. I faxed part 1 of my complaint to the Manitoba Ombudsman (636 pages, see pages 1-8/10 enclosed as you already were sent pages 9-10/10 which were photographs/images of my 2020 estate planning documents naming you as Power of Attorney for Health and Property, Executor of my Will, etc.).¹
2. Buchok continued to claim that Mollanji's 20240916 "Change of Status" Form 5 was not illegal: Buchok's interpretation of the term "attending physician" is [the doctor that was present]. Using Buchok's logic, a "resident physician" is [a doctor that lives on the ward].
3. The Mental Health Review Board ("MHRB") released its 20241009 decision (which was unsigned and devoid reasons/rationale) and forwarded it to some Tanya Sala, Assistant Medical Director (ie. not "J. Sareen" used for the three forged Notification of Status forms dated 20240916 (Mollanji, see s. 12.032), 20240916 (Enns, see s. 12.033) and 20241007 (Buchok, see s. 12.050), respectively.²

My HSC chart submissions series 1.001-.002 to series 6.001-6.034 (53 pages) are enclosed: they partly evidence the degree to which staff and physicians here are ignoring all facts (and laws). I am intentionally "diversifying" my mail to you in case some of it is intercepted.

Dear Dr. White,

re: HSC Chart Submissions s. 7-13, "Gangstalking", LinkedIn Article & "Brand"

I trust you have received my previous packages #1-4/10 sent, admittedly, rushed and without proof-reading. The silencing of me is in full swing here in Winnipeg, Manitoba with foxes guarding the henhouse known as HSC¹ Psychealth. Here, we have:

- full-blown sociopaths posing as psychiatrists, etc. for pleasure and/or profit,
- a nursing team that seemingly will violate anyone's legislated rights (ie. commit crime) if it is "doctor's orders" and
- an accountability/oversight "committee", MHRB², to cover it all up.

My HSC Chart Submission series 13 will endeavour to continue evidencing the above-noted allegation; however, keeping up with their collusion is a full-time job⁺⁺. The Ombudsman is now involved, as is the Public Trustee's Office: time will tell if they are as complicit in HSC Psychealth's "Trafficking in persons" and "Organizational negligence"^{*} as MHRB.

Part 2/3 of my complaint to Manitoba's Ombudsman was faxed on 20241015 at 0830 (see HSC Chart Submission ("HSC-CS") s. 13.001-13.023) and included a Table of Contents for HSC-CS s. 11.001-11.303, s. 12.001-12.052 and work-in-progress s. 13 (28 pages). This 6-package "bundle" includes those 28 pages plus:

- "Dear Doctors re: Carts & Horses (part 1b)" - s. 7.001-053 (53 pages)
- "Dear Doctors re: Delusions vs. Reality" - s. 8.001-052 (52 pages)
- "Dear Doctors re: ADD for the APA, False-Positive Dx & more" - s. 9.001-020 (21 pages)
- "Dear Doctors re: Pharmaceutics, Forms, Finances & Felonies + " - s. 10.001^(a)(b)-.010 (11 pages)
- information on organized stalking and harassment techniques, which are also referred to as "community policing" and "gangstalking"; plus, my 20240710 Request to Admit (16 pages)
- a 1-page article that I posted to LinkedIn in 2020 and used in my "University & College Scoring System" (which was a "multi-purpose" piece and, yes, I intentionally highlighted Wayne State University's so-called Philosophy Department dissertations (see link at twb.rocks/resources) (3 pages))
- a copy of previously sent cover letters for packages #1, 3 & 4 + Just a Pharisee (4 pages) and
- some thoughts on the word "brand", inspired by the Winnipeg Free Press (2 pages)

Due to the volume of materials, this "bundle" required six envelopes in order to be sent (hopefully) simultaneously. I appreciate any assistance in which you are in a position to provide.

I trust you have received part 1 of 3 of my complaint regarding the circumvention of Manitoba's Mental Health Act ("MHA") by Health Sciences Centre Winnipeg ("HSC") which is being enabled by Manitoba's Mental Health Review Board ("MHRB"). That 748-page submission included my series 1-12 HSC Chart Submissions to which both HSC-positioned and MHRB-positioned individuals had access prior to my *fax 20241008* MHRB hearing when I was denied my right to cross-examine and present my arguments. These individuals include, but are not limited to:

- HSC Psychealth psychiatrists (Jessica Enns, Eisi Mollanji, Matthew Buchok, Jennifer Ruzhynsky and Amir Shamlou),
- HSC Nurse Manager Angelz Godee,
- HSC Psychealth Assistant Medical Director Tanya Salza; and
- MHRB's Eileen O'honnell, Laura Nagy, A. Jagedo and A. Nostedt.

Dear Community Member,

Re: twb.ROCKS Investigative Journalism Contest!

Among other things, I am an independent journalist with enough material to publish two book series. To include additional perspectives, I have developed a contest. Would you be interested in becoming involved? Still under wraps, the plan is to:

- a) approach high schools to determine interest in participation,
- b) secure interest from businesses and organizations which would like to contribute to the event,
- c) recruit media outlets/personalities to raise awareness of the event timeline and
- d) manage the award ceremony with the help of volunteers.

Proposed contest rules:

1. Participants must have attended high school for at least one day (optional, given <https://twb.rocks/upig/indoctrination>).
2. Submissions should be based upon one of the industries already being [analyzed] in the UPIG series (see Notes).
3. Articles must be submitted between April 1-15, 2026.
4. All submissions will be published and available for review by midnight e.s.t. April 22, 2026.
5. Voting is to be completed by midnight e.s.t. Monday, April 27, 2026 (by those who submitted an article¹).
6. Award ceremony is to be held on Friday, May 8, 2026: venue is to be determined.

Proposed contest parameters:

1. Number of categories: 2 (Individual, Team)
2. English only, 800 words or less, anonymous submissions permitted
3. Hand-written (by author or whomever author must hire to generate a legible document)
4. The scoring matrix will reward quality of argument, exemplary use of vocabulary and legibility without acknowledgement of age, race, religion, sex, political affiliation, income level, formal education acquired or surname.

Would you be interested in participating?

- Provide and/or manage volunteers?
- Sell buttons to raise money for prizes?
- Approach businesses for prize donations?
- Translate submissions into multiple languages?
- Contribute directly?
- Other?

Please indicate your interest as soon as possible as I am hoping to launch this on Tuesday, March 17, 2026.

Not many yet realize that we're already at Saint John's Book of Revelation 20:7-10 in the Biblical timeline as it's difficult to accept that we've all been intentionally deceived since birth. In fact, there's little point in even *considering* that reality until one's accepted the possibility that all of the 30 arguments presented at <https://twb.rocks/on-tour> are true. After that, agreeing with the following statements may be possible.

A – The eschatological view that we are currently in “Satan’s little season” is well supported by scripture: see multiple documents and videos linked to <https://twb.rocks/living/spirit/satans-little-season>.

B – We endure multiple levels of government that facilitate crime, torture, stupidity and countless states of disease: see (<https://twb.rocks/living/spirit/satans-little-season/beast-system/malevolent-government>).

C – Media sources, owned and controlled by [the parasitic/predator class], pump propaganda 24/7 in order to keep the masses duped and compliant: see <https://twb.rocks/upig/media>.

D – The Indoctrination Industry pretends theoretical fiction is fact in popular faculties including:

- Economics
- Business Administration
- Investment Management
- Law
- Medicine
- Psychiatry
- Physics
- Astrophysics
- History
- Geology
- Biology
- Archeology

(To do> Insert link for each topic (eg. Medicine: introduce Rockefeller's conversion of natural medicine into petroleum-based products, Bill Gates eugenics initiatives, etc.) at <https://twb.rocks/upig/indoctrination>.)

E – Anti-Christ imagery is widespread and celebrated: see <https://twb.rocks/living/spirit/satans-little-season/beast-system/satanic-imagery>.

F – A transhumanism agenda that is designed to provide Satan with the artificial omniscience he so desperately desires is well established: see <https://twb.rocks/living/opinion/transhumanism>.

G – Evidence of a world-wide, extreme-heat event that is not acknowledged by governments, media or the Indoctrination Industry exists: see <https://twb.rocks/living/spirit/satans-little-season/beast-system/heat-event>.

H – Evidence of spectacular architecture and advanced technology that is not acknowledged by current governments, media or the Indoctrination Industry exists: see <https://twb.rocks/living/spirit/satans-little-season/beast-system/hidden-past>).

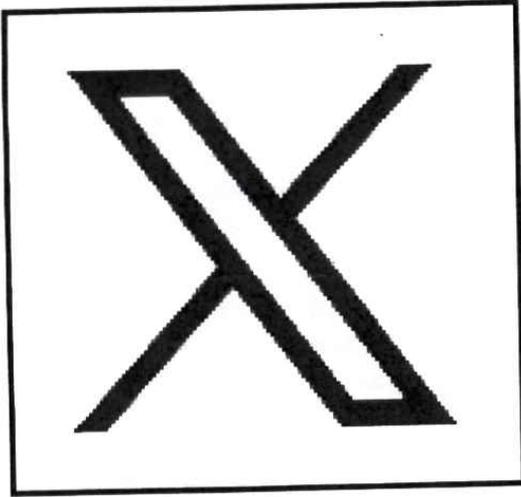

I – Guidance from The Holy Spirit since the February 2019 illegal abduction of my children, Sean & Cate¹, have enabled me to exit some of the trappings of our current Beast System in order to explore it, analyze it and report it: see testimony at <https://twb.rocks/living/spirit/satans-little-season/beast-system/testimony>.

Dear Fabrice Esprit,

Re: Delay of \$50,000,000 Statements of Claim

Unfortunately, while evidencing:

- negligent investigation, etc. by the Ottawa Police Services Board ("OPSB")¹ card
- malicious prosecution, etc. by Ottawa's Crown Attorney's Office ("OCA")² and other entities within Minister Douglas Genereux's portfolio³

I was re-arrested on 20231216 and since that time endured additional negligent investigation, etc. by OPSB and additional malicious prosecution by OCA (see 3-page enclosure).
etc.

Accordingly, the origination and service of my above-noted civil action for which you were served the required 60-day Notice on 20231101⁴ has been delayed due to my detention and lack of access to resources.

Kindly advise as to whether or not you require an additional 60-day Notice now that OCA has "reset" the 10-day "window" requirement⁵ for, is my previous Notice sufficient as OCA produces additional self-incriminating evidence? Please respond in duplicate via:

- Option a) listed in attached 20240114 letter to Savage (AS.027)⁶
- Any one of options b) - f) listed in same

Meanwhile, feel free to make any reasonable offer to settle which should include, but not be limited to:

- the dismissal of OCA prosecutors Malcolm Savage, Mike Boyce, Moiz Karimjee and John Ramsay,
- the arrest, charge and detention of those noted in a) above and
- the arrest, charge and detention of their "client":

Dear Prosecutor Savage,

Re: Doubling Down on your involvement in Organized Crime

I trust you've had the opportunity to review my 2-page, 20240109 letter (AJ.021.1-2) with five enclosures; totalling nine pages of relevant testimony and links to exculpatory evidence. Although you have chosen to withdraw four of CPSP's five unwarranted charges, the fifth remains and my intentions are to prove — beyond a reasonable doubt — that you are guilty of multiple ~~acts and crimes~~ including, but not limited to, violation of:

S. 279.01(1) Trafficking in persons — Every person who exercises control, direction or influence over the movements of a person, for the purpose of exploiting them or facilitating their exploitation is guilty of an indictable offense ...^{2,3}

Accordingly, please find attached the 20240114 Witness List required for my full defense (AJ.026.1-2). Should you have any difficulty in comprehending the manner in which testimony provided by these ~~four~~ individuals will evidence — among other things — necessity, kindly reach out to me directly using one of the following methods:

Dear Romtch Legal,

Re: Welcome to Munningsgate

It was bad enough when your Zezop Selaman¹ ignored most of my curriculum vitae² and all of my testimony and available evidence to produce a defamatory Not Criminally Responsible ("NCR") opinion:

- for an unwarranted charge³ that was withdrawn by Crown prosecutor Malcolm Saxega⁴ due to my ability to fully defend myself via use of, among other things, S. 429 (1) of the Criminal Code of Canada ("CCC") that was
- based upon a previous defamatory NCR opinion (for another unwarranted charge for which I received a full acquittal after, among other things, my children's and my temporary, well-appointed, 3-bedroom home was emptied (that is, theft of approximately \$500,000 in property) without my knowledge) based entirely on the self-serving hearsay of the co-accused, malignant narcissist Jonathan William Patrick Kiska, d.b. 29 SEP 60 of 1244 Lampman Crescent, Ottawa, ON K2G 1P8⁵ ("Kiska")^{6,7}

It was bad enough when your Gail Yvona Beck⁸ — scandalously appointed as Chair of the Ottawa Police Services Board ("OPSB") only to have to resign for "conflict of interest" following the arrest of her son — enabled OPSB to continue its vexatious, vexatious application throughout 2023⁹ (despite the seven Affidavits and related materials evidencing Ottawa's court-enabled Human-trafficking Network¹⁰).

But, for your Jiyoung Hwang and your Program Director/Director/Clinical Lead Floyd Wood to authorize another defamatory document (namely, your 20240104 Fitness to Stand Trial Assessment regarding my mental stability) when, among other things:

- my evidence-laden civil action against the SAS was published at www.pti.rocks¹¹;
- my evidence-laden civil action against the NRRS was published at www.pti.rocks¹² and
- the information provided to Romtch on 20240103 that summarized the reasons discussed for an adjournment of the scheduled "assessment" which referenced the civil actions noted at a) and b) above¹³;

only one conclusion can be reached. Specifically, it is the Romtch and its associated psychiatrists that require forensic assessments — both "psychiatric" and financial. Clearly, its "services" have been fully weaponized; not unlike many public-private "Partnerships" that lack meaningful oversight and accountability; and, have an [effectively] unlimited budget.

Regardless, kindly advise as to whether or not your institution intends to:

1. retract its defamatory opinions/reports;
2. correct its negligent and/or intentional "errors" & re-issue to the courts;
3. terminate the use of services provided by:
 - a) Zeynep Selaman aka Zeynep Selam,
 - b) Jael Watts,
 - c) Jiyoung Hwang,
 - d) Floyd Wood ~~and~~
 - e) Gail Yenta Beck;
4. file a police complaint reporting those identified above at item 3. 2) = d) for violations of, at a minimum, S. 300 re: Defamatory Libel and S. 380(1) Fraud (via S. 21(1) Parties to Offence and S. 23(1) Accessory after the fact) in so far as;
5. file a police complaint regarding Beck's involvement in organized crime including, but not limited to, those at item 4. above plus S. 279.01(1) Trafficking in persons; and,
6. make a donation to my for-social-benefit company, SAROTU Inc, to fund further pursuits regarding, among other things, advocacy for societal improvements in mental fortitude and resilience; accompanied by a formal, public apology to my children, Sean and Cate, who were illegally apprehended from my care by the CBS and the QRSB for Kiska's benefit - six months after the four-month investigation performed by Office of the Children's Lawyer ("OCL") clinician Katherine Bobula concluded with a recommendation that I receive sole custody. ¹⁴

The accused is bounded by a Restraining Order starting April 8, 2019 and ending April 7, 2024 with conditions to not attend 500m of the residence of the father, John Kiska or communicate with John Kiska.

On May 24th, 2022 in the City of Ottawa, the accused Deirdre MOORE signed an Adult Probation Order issued by the Ontario Court of Justice by The Honourable Justice J.S. Brunet and in force for a period 3 years. ^{under duress}

The accused was bounded by the following conditions to which she is in breach of:

The accused rang the door bell at the front entrance and woke up the complainant who was in his bedroom. The complainant attended to the door and was asked by the accused for \$40 to pay for the taxi cab the accused had arrived in. The accused wanted to enter the home but the complainant had refused entry.

The accused then uttered to the complainant that she would kick the window if he did not allow her entry. The accused did not damage any windows on this date. This forced Kiska to stay at door while waiting for OPS.

The complainant called 911 on the accused and when police arrived they observed the accused on the property and arrested her for breaching her probation conditions. I recorded the entire event including my recommendations to him that he did not have much longer to turn himself in.

The accused was brought to cells and held for a Bail Hearing.

The accused is charged with two counts of Breach of Probation, two counts of Fail to comply with Court Order, and Uttering threats to damage property.

As of 20240111, this down to one count of breach, for which career-criminal Crown prosecutor Malcolm Savage hopes to secure an NCR opinion (as he admitted on the record in court 20231229) for Kiska's benefit ... so he could steal my last asset (the \$2,000,000 home on the water) ANY

Dear Attorney General for Ontario, Douglas Downey¹,

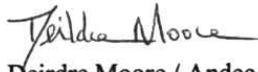

re: USCIS Asylum Application

Congratulations! You and your group made page 13 of my 18-page (so far) 20260311 USCIS Form I-589!

It is my hope that not only will my application be approved; but, that your organization will be exposed for the donor/taxpayer fraud, defamatory libel², thieving and/or human trafficking/domestic terrorism operation that it truly is. Why? Well, it is my view that you may not have much time left to start making better choices³. For example, have you ever considered the possibility that, once possessed, you will not be in a position to repent and beg for His forgiveness?⁴

Feel free to contact me if you have any questions or concerns.

May your future decisions be blessed,

To the dearly deceived,

re: The “Faith vs Works” Deflection: did God really say?

Blessed to be forced into the shelter system by my husband¹, I’ve been introduced to the manner in which His gospel is preached by multiple “church groups” throughout North America² and they all preach the same false doctrine: “saved by faith alone”. As it’s not difficult to prove that this simple method for salvation is not supported by Scripture³, I can only conclude that the 1950’s Asch experiments regarding “groupthink”⁴ has been brilliantly leveraged and masterfully executed as followers of Jesus the Christ are bombarded with ridicule by both alleged “real-life” servants of Our Father and online minions of Satan.

The Hegelian dialect utilized by the “Faith vs. Works” deflection⁵ is not different than the “Liberal vs. Conservative” one used for the political theatre that we endure at the federal, provincial *and* local levels: it’s all by design as they advance Agenda 21⁶ and prevent most from realizing that we are already at Book of Revelation’s chapter 20:7-10⁷. Both sides of Christianity (for simplicity, Catholics vs. Protestants) have been fully weaponized to bury two truths:

- we are saved *by* grace *through* [His gift of] Faith *for* works *of* Him⁸ and
- governments have colluded to conceal who, where, and *when* we are ... for centuries.

Not only does the “Faith vs. Works” deflection convince followers of Jesus that “fruits”⁹ are irrelevant, it springboards them into *complete* disobedience¹⁰, minimizing the importance of mercy¹¹ for our final judgment ... which may not be that distant. To make matters worse, a bizarre twisting of Scripture that promotes “righteous judgment” has been injected into this [Satanic “behaviour modification” project], as if Acts 9:15-16 has been discounted to a value of zero! ¹²

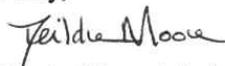

The widespread gaslighting¹³ is obvious to me; then again, I married a sociopath and am, therefore, *very* familiar with both their characteristics¹⁴ and their techniques¹⁵. One need look no further than the operations of Buffalo, New York’s Erie County Medical Centre Corporation¹⁶ and Winnipeg, Manitoba’s Health Sciences Centre¹⁷ to evidence the degree to which gaslighting has been fully weaponized and systematized by taxpayer-funded entities¹⁸. To believe this is limited to only the industries within so-called “healthcare” would be *incredibly* naïve: the industries within so-called “religion” have fully deployed this form of psychological abuse as well. And, the current “Faith vs. Works” deflection is merely a repeat of Satan’s confusion tactics that were used in the garden (that is, “Did God really say ...?”¹⁹).

As you continue to brave Satan’s “little season”, please “... be ye therefore wise as serpents, and *innocent* as doves²⁰ As beautifully articulated by YouTube’s Broadcasting Seeds on February 15, 2026:

“If Acts “tongues of fire” [Act 2:3] and “angel breakouts” [Acts 5:19] tells us anything, [His] Kingdom does not advance through force: **it advances through yielding people who won’t bow to fear.**”²¹

May your future decisions be blessed,

Bonus fact: His Son was trying to save all, *including* his executioners, with his final breaths by quoting the Old Testament’s Psalms 22 knowing they would finish the chapter from memory and comprehend their grave error once reaching Psalms 22:16. Not many yet realize that we're already at Saint John's Book of Revelation 20:7-10 in the Biblical timeline as it's difficult to accept that we've all been intentionally deceived since birth. In fact, there's little point in even *considering* that reality until one's accepted the possibility that all of the 30 arguments presented at <https://twb.rocks/on-tour> are true. After that, agreeing with the following statements may be possible.

A – The eschatological view that we are currently in “Satan’s little season” is well supported by scripture: see multiple documents and videos linked to <https://twb.rocks/living/spirit/satans-little-season>.

B – We endure multiple levels of government that facilitate crime, torture, stupidity and countless states of disease: see (<https://twb.rocks/living/spirit/satans-little-season/beast-system/malevolent-government>).

C – Media sources, owned and controlled by [the parasitic/predator class], pump propaganda 24/7 in order to keep the masses duped and compliant: see <https://twb.rocks/upig/media>.

D – The Indoctrination Industry pretends theoretical fiction is fact in popular faculties including:

Treasury Analysis, Financial Reporting, Process Improvement

Hired to assist with money market and fixed income portfolio management, I also developed an application for the Debt and Treasury Department which automatically tracked all trading activity and produced various financial reports for senior management and city officials.

MD Financial

Sep 1992 – Sep 1994

Financial Reporting, Process Improvement

Hired to assist with the cash management operations. I developed MS Excel tools (advanced formulas, VBA) and templates to automate much of the reporting process. Two of the more significant applications were:

- 1) An application that automatically tracked all trading activity for the MD Management Investment and Corporate Accounts. Outputs included printed forms for cheque requisition and audit purposes as well as a summary of the total investments. The system also automatically assessed the portfolios in terms of investment policies to ensure outliers were easily identified. The system was built solely in Excel and reduced a 2-hour/day administrative task to a 30-minute/day task with added functionality and a significant reduction in the opportunity for error.
- 2) An application which automatically produced quarterly performance reports for twelve different investment portfolios. The reports—which included graphics, numerical analysis and automated text discussion—were presented to the Board of Directors each quarter. This information was used to facilitate external manager oversight. Upon completion of the system, the reports that previously required 10 days/quarter required 1 day/quarter. A significant reduction in the opportunity for error was also realized. During this period, I managed several money market portfolios and also had the opportunity to assist with the testing/implementation of a (beta) attribution analysis system for the firm's equity portfolios.

Entrepreneurial Efforts: AdvisorOnTrack Inc.

On the side, in 2002 I launched a company, AdvisorOnTrack, in order to pursue the development of a practice management methodology for independent investment advisors. Using MS Excel and MS Access, I built an application which classified, analyzed and reported on over 15,000 different records (mutual funds, common and preferred shares). This system utilized a series of forms and reports to ensure users with only a basic knowledge of Access were able to easily maintain/amend the database, calculation pages and report templates as required. The system provided a level of investment allocation analysis that was previously unavailable and tested very well. Although not profitable, the company was generating revenue. I moved the system to an online platform using MySQL and PHP. However, shortly thereafter, the industry consolidated (banks bought brokerage firms, financial planning companies merged). This period of consolidation brought with it a period of significant investment in IT by banks and their competition. The market for AdvisorOnTrack vanished.

Treasury Analysis, Financial Reporting, Process Improvement

Hired to assist with money market and fixed income portfolio management, I also developed an application for the Debt and Treasury Department which automatically tracked all trading activity and produced various financial reports for senior management and city officials.

MD Financial

Sep 1992 – Sep 1994

Financial Reporting, Process Improvement

Hired to assist with the cash management operations. I developed MS Excel tools (advanced formulas, VBA) and templates to automate much of the reporting process. Two of the more significant applications were:

- 1) An application that automatically tracked all trading activity for the MD Management Investment and Corporate Accounts. Outputs included printed forms for cheque requisition and audit purposes as well as a summary of the total investments. The system also automatically assessed the portfolios in terms of investment policies to ensure outliers were easily identified. The system was built solely in Excel and reduced a 2-hour/day administrative task to a 30-minute/day task with added functionality and a significant reduction in the opportunity for error.
- 2) An application which automatically produced quarterly performance reports for twelve different investment portfolios. The reports—which included graphics, numerical analysis and automated text discussion—were presented to the Board of Directors each quarter. This information was used to facilitate external manager oversight. Upon completion of the system, the reports that previously required 10 days/quarter required 1 day/quarter. A significant reduction in the opportunity for error was also realized. During this period, I managed several money market portfolios and also had the opportunity to assist with the testing/implementation of a (beta) attribution analysis system for the firm's equity portfolios.

Entrepreneurial Efforts: AdvisorOnTrack Inc.

On the side, in 2002 I launched a company, AdvisorOnTrack, in order to pursue the development of a practice management methodology for independent investment advisors. Using MS Excel and MS Access, I built an application which classified, analyzed and reported on over 15,000 different records (mutual funds, common and preferred shares). This system utilized a series of forms and reports to ensure users with only a basic knowledge of Access were able to easily maintain/amend the database, calculation pages and report templates as required. The system provided a level of investment allocation analysis that was previously unavailable and tested very well. Although not profitable, the company was generating revenue. I moved the system to an online platform using MySql and PHP. However, shortly thereafter, the industry consolidated (banks bought brokerage firms, financial planning companies merged). This period of consolidation brought with it a period of significant investment in IT by banks and their competition. The market for AdvisorOnTrack vanished.

Tribute to Jack White

Connecting with the Musical Artists whom you Value at

THIRD MAN STORE

by Andee Sea Gae Jak, SAQOTU Inc.

(July 1, 2020, updated*)

Obviously, I am a big fan of Jack White: musical brilliance notwithstanding, how could I not be given all that he has accomplished?

On May 3, 2019, Wayne State University presented to him a Doctor of Humane Letters degree for all that he has done for Detroit. In the Commencement publication (excerpt inserted), one of his businesses, (Third Man Records, was mentioned, however, his other businesses, Third Man Books, Third Man Mastering and Third Man Store were not. Neither was his involvement with Nashville's Council on Gender Equity

I realize that there is a very fine line between sharing an opinion and "pushing product" (I try to avoid the latter at all costs.); however, the Third Man businesses are devoted to helping artists—something that the music industry is severely lacking, in my view. Plus, I rely heavily upon music to help me manage strong emotions that are evoked as I see (and hear) things including environmental sabotage and far too many examples of both civic and civil immorality.

Sadly, acquiring music is becoming more and more difficult. Earlier this year, I re-posted my opinion regarding my frustration with Apple Inc. (viewable at <http://pdf.stocks/wp-content/uploads/2020/04/The-Educated-Investor-Apple-Inc.pdf>) where I detailed my inability to use my \$100 gift cards to purchase an album last year which, in my view, is a far superior experience to collecting "singles". Also, I have no interest in being dependent on Wi-Fi, a data plan or any "almost-free-so-that-artists-receive-no-meaningful-royalties-for-their-work" streaming service. I want to OWN the music with which I connect. Period. It is for this reason that I want to share with you the existence of Third Man Store. Here at <https://thirdmanstore.com/>, you can connect with the artists whom you value.

*An account from which I was blocked without explanation during November 2019, the original article was posted on LinkedIn at <https://www.linkedin.com/feed/update/urn:li:activity:6538965548157408256>.

Dear Ottawa Mayor Mark Sutcliffe,

As you are aware, or ought to be aware, I am now entering my thirteenth year attempting to divorce my sociopath husband, John Kiska. He pays zero in spousal support or occupational rent while he continues to reside in our \$2,000,000 home with my 100% gaylit teens, Sean & Cate, my dog and my cat. This, despite all of the protections from domestic violence that have been codified in Canada's Divorce Act. Ottawa's legal-judicial system has enabled Kiska's wickedness to the point that the actions and inactions of him and his many accomplices meet the definitions of Terrorist activities and Trafficking in persons as defined in Canada's Criminal Code.

This is the capital of our country: it's a completely lawless Anarcho-Tyranny system as evidenced on my whistle-blowing site www.twb.ROCKS.

Currently in hiding due to my husband's accomplices' severe harassment and persecution, a donation to my awareness campaign would be greatly appreciated. Feel free to c-transfer to me any amount so that I can continue to raise awareness of this government corruption, corporate crime and taxpayer fraud. Also, please share widely as media is covering it all up.

With love from,

Teal McNoole / Andee Jak
