Dear Dr. White,

Re: More TMR product suggestions + Warning about New York State & more*

I am hoping you will consider adding “non-liquified soap” to your Third Man Records (“TMR”) product offerings.[1] Why? I think that the entire industry is positively ridiculous for multiple reasons [2]. Enclosed are several samples for shampoo/conditioner and soaps that I found while in Tampa, Florida and Isla Verde, Puerto Rico.[3]

Another idea, “Meaningful Quest” (see work-in-progress prototype at images 001-003)[4]), could be a fun way to ramp Biblical literacy[5]. I was hoping to have the prototype in the mail to you by now; but, this project remains delayed.[6]

The “Chronology Canvas” (see work-in-progress prototype at image 013) could help people to better remember our history/Biblical past and be in a better position to put today’s events in context.

Currently preparing to cruise:

- to Fort Lauderdale, Florida
- from San Juan, Puerto Rico
- boarding on Friday, May 1, 2026 between 2:00 – 2:30 p.m. and
- disembarking on Friday, May 8, 2026 at 7:30 a.m.
- with scheduled stops in:

there was no option for a single ticket; so, I booked you in as my guest (see enclosed copy of reservation[7]), in case you have the opportunity and would like to discuss these initiatives in person.

In addition, I would like to share more American “imagery” since that which I provided from San Diego on March 16, 2026[8]. Enclosed are postcards from El Paso TX, Memphis TN and Tampa, FL; but, more imagery is being stored at <https://twb.rocks/living/spirit/satans-little-season/cities>. That “Raymond James” is prominently displayed in a not-symmetrical photograph of Tampa’s stadium (see image 015) was interesting to me because “Raymond James” was also prominent in Memphis, where the Satanic imagery was overwhelming (see images 016-018). That Revelation verse 20:11 may have been plucked from 20:9 (so that people would not realize that even Legion[9] abandons Satan before the fire) is not beyond the realms of possibility. That Legion’s new name may be James? Equally possible[10]: I have tons of photos that I intend to upload in a more organized fashion so Americans who haven’t been in a position to review this evidence for themselves might be inspired to find some time to investigate. Given my TI status, however, I am not sure when I will be able to complete this task.

I have also learned that Elon Musk’s ambitious “AI” (that is, Artificial Intelligence[11]) plans require a *lot* of clean water[12] and believe his so-called “data centers” may have already gone vertical (see draft article outline stored at <https://twb.rocks/living/exposure/vertical-AI> and images 019-021 re: “photo-bombing” monstrosity in Chicago) with testing for some [cooling loop] possibly being done in Nashville (see

collection of information about Elon Musk being stored at https://twb.rocks/living/spirit/elon-musk_deirdre-moore).

Finally, enclosed is draft article “Hug a Satanist Day!” which is being edited at <https://twb.rocks/living/spirit/hug-a-satanist>. It gets pretty dark, pretty fast; but, unlike Psalms 83:17—when some prayed for those who oppose God to perish—given the severity of Satan’s deceptions during his “little season” (see Revelation 20:7-10), I believe praying for their salvation better reflects Saint James’ (and others’) advice.

Verily,

Enclosures: /Kit-Sch/ Shampoo bar and Conditioner bar, Dr. Squatch Natural Soap, PACHA soap (all not yet vetted); Postcards—El Paso x 1, Memphis x 1, Chicago x 0 (see images 022-027)

PS. If you’re ever injured in Buffalo, New York, *please* stay *far, far, far* away from its alleged medical services.[13]

PPS. This letter started being pre-published on 20260421 at <https://twb.rocks/living/appreciation/artists/jack-white/loving-jack-white/20260425jw> in order to start sharing these draft ideas/exposés as quickly as possible. Given where I believe we are in the Biblical timeline (ie. near the *end* of Revelation 20:9), I felt that brain-storming solutions and exposing current realities was important ... if not urgent. For this reason, this letter has also been circulated amongst an unknown number of politicians, corporate executives and social media pundits (see https://twb.rocks/domestic-terrorism/perpetrators/entities/erie-county-medical-center/ecmc_statement-of-claim) for multiple altruistic purposes.

Note that its CEO Thomas Quatroche (see specific evidence-linked testimony at <https://twb.rocks/living/exposure/ecmcc/thomas-quatroche>), has recently been given a huge promotion and chosen for a state-wide position: the president and CEO of the Healthcare Association of New York State. Maybe just avoid getting injured in that state?
