Dear Amtrak,

I am hoping that you are in a position to review my partial evidence and testimony currently stored at <https://twb.rocks/hostiles/devenless-wiltz> regarding the multiple [poor customer service] choices that I endured at your Chicago station during April and May of this year.

I am seeking compensation for out-of-pocket expenses as I navigated my way back to Nashville, Tennessee and a \$50 "travel voucher" is of no use to me at the moment: the cash is required to:

- continue to raise awareness on possible risks of attending the 2026 FIFA World Cup (see details at <https://twb.rocks/world-cup>) and other issues and/or
- reduce personal risks.

Other information is/will be provided so you are in a position to realize the potential impact on your corporate bottom line that such decisions could have. There were witnesses to both events, when I received nothing but support/sympathy from other travelers, who will also be choosing between air travel and rail travel in the future.

Verily,

Good morning.

I am attempting to get a refund from Amtrak when their train delays caused a missed connection and I had to purchase another ticket to Nashville just to maintain my schedule. Are you in a position to provide this receipt? It was an early afternoon bus and the price was approximately \$120.

My refund request is being pre-published at <https://twb.rocks/hostiles/devenless-wiltz>.

Thank you.
