Thank you for your reply. Given the reduced functionality of your printers, may I use NPL's complimentary \$10/month to make:

- 50, 2-sided photocopies instead of
- 100, 1-sided printed pages?

Double-sided correspondence enables me to include **eight** pages of material in a single-stamp envelope instead of merely four.

Thank you.

Deirdre.

Hey Deidre,

Thanks for your question. Our IT team has looked into this but does not have a solution at the moment.

I do know that you can make double sided prints using our copier, so you could print two pages that you wanted to go on one and produce double sided copies there.

I'm so sorry if this doesn't work for you. We do our best to make sure our patrons have affordable and efficient printing services, but we do unfortunately have some limitations.

Original Question

Jul 28 2026, 11:27AM via System

Can you please make to where the printers at all your locations can print double sided. Not having this ability makes it difficult to create certain types of documents.

Thank you for using LibAnswers!
